"PREPARED BY AND FOR THE CAST OF WALT DISNEY WORLD"

MAY 25, 1979

A PREVIEW OF THINGS TO COME... SUMMER UPDATE '79

Now that summer is here, it's time for us to entertain the thousands of guests who visit us from all over the United States and the world.

And to bring you up-to-date on what's happening around our Company in the busy summer months, as well as the entire year ahead, the Disney University is hosting our annual Summer Updates from May 29 through June 7.

Included in our summer Update will be a preview of one of the most ambitious films Walt Disney Productions has ever undertaken . . . **The Black Hole**. You'll also see previews of other upcoming film releases, an update on **Big Thunder Mountain Railroad**, a look at our latest EPCOT plans as well as everything that's new at Walt Disney World.

Your division will schedule you to attend one of these sessions which will be held at the Contemporary Resort Hotel. A representative from your division will also be on hand to host your presentation. Check with your supervisor or Division Training Office to schedule your presentation and for details on transportation to and from the update.

Lake Buena Vista will hold Summer Update presentations for all Lake Buena Vista cast members in the Lake Buena Vista area. The Lake Buena Vista Training Office will distribute a flyer listing the date, times and locations of the Lake Buena Vista Update sessions.

We hope each and every cast member will attend our Summer Update '79. By being better informed, we can all do a better job of assisting our guests this summer. We look forward to seeing all of you there!

EXPRESS BUS SERVICE ALTERS BUS SERVICE TO BETTER SERVE YOU!

Each day another cast member joins the group riding our Express Bus Service operated by the Orange, Seminole, Osceola Transportation Authority from south-west Orlando. This 90-day test route is so far proving successful, but to better serve the needs of the cast members who utilize this service we've altered the schedule.

Beginning immediately, the first Express Bus Service will drop off cast members at the **tunnel entrance**, arriving at **7:45 a.m.** with plenty of time for costume changes.

As you can see on the bus schedule listed below, our Express Bus Service will begin morning departures from Orlando **five minutes earlier** starting next week. This will insure that all cast members will arrive at Walt Disney World with plenty of time to change and report to work.

Park and Ride Service Begins

Maybe you are not presently utilizing the Express Bus Service because the bus stops are not located near your home. Would you be interested in **saving 20 miles** of your commuting trip? Then try our new **Park and Ride Service**.

Arrangements have been made for any interested cast members to park their cars at the Lake Buena Vista Preview Center parking lot and catch the Express Bus Service as it enters Lake Buena Vista. the bus will then drop you off at the North Service Area, the tunnel entrance, Contemporary Resort Hotel or the Polynesian Village Resort Hotel.

The total cost of this Park and Ride Service is **25¢** one-way, **50¢** round trip. And when you realize that the average vehicle gets between 18 and 20 miles to the gallon and that one gallon of gasoline averages between **75¢** and **80¢**, you'll be saving **25¢** to **30¢** each day in gasoline alone. And when you add in maintenance costs your weekly saving will be at least **\$2.85**, just for taking advantage of this Park and Ride Service.

The service begins next **Monday, May 28**, so check the schedule listed below and plan on arriving at the Lake Buena Vista Preview Center in time to Park and Ride!

MICKEY'S GOLDEN EARS CLUB

Today is **George Pottinger's** last day at Walt Disney World! George retires from our Custodial department today after five years as a Walt Disney World cast member.

George and his wife moved to Florida from Chicago in 1968 to open a laundry business in Casselberry. He had previously spent 21 years in security at the American Can Company in Chicago.

George sold his laundry and joined our cast in April of 1974.

According to George, he just plans on relaxing and traveling around the state of Florida during his retirement.

We all wish you the best of luck in your retirement, George!

CAR CARE TIPS

Preparing Your Car For Trips Will Save You Gas!

Summertime is quickly approaching and that means vacation driving is also ahead. And with the energy shortages our country is facing we all want to be sure our cars are in top condition and that we are receiving top mileage for every gallon of gas we use.

When you prepare for your vacation trip you most likely prepare your route on your map, book all your reservations, but often neglect your car. To be on the safe side, check these areas:

• **Tires** — Check for proper inflation when your tires are cool, and be sure

to use an accurate gauge. Also, check for excessive wear, fabric breaks, cuts or other damage.

Check for worn spots which may indicate your wheels are out-of-balance. Excessive wear on one side may mean you need a front-end alignment, and wear on the center can mean over inflation.

And don't forget to check your spare tire and be sure your jack is in working order.

• **Shock Absorbers** — If your car bounces more than once after you manually bounce the car up and down as hard as you can, you probably need new shocks. Have them replaced **before** your trip.

• **Brakes** — Check the level of your brake fluid and check to see that your brakes are grabbing with a steady stop, not a jerk and then fading.

• **Battery** — Check the corrosion of your battery cables; it's easily removed with a wire brush. Be sure the battery terminals are clean and airtight. If your battery requires water, check the fluid level.

• **Oil and Oil Filter** — Check your oil level and be sure the oil is still clean; if not, change it; it will help your mileage. Oil filters should be changed at least every other time you change the oil.

• **Miscellaneous Items** — Check your coolant, air filters, power steering fluid, transmission fluid, hoses and belts, lights, windshield wipers and washers, mirrors and horn. If anything is old, worn or broken, replace it now and avoid delays and frustrations by having a breakdown on the road.

And to be sure you're traveling safely, **don't carry extra gasoline in your automobile unless it is in an approved container.** One gallon of gasoline in your trunk is as explosive as 20 sticks of dynamite! Check the operating hours of local gasoline stations when you arrive at your destination. It's better to wait in line to purchase gas than to have an accident. So be cautious and have an enjoyable vacation!

CAST ACTIVITIES

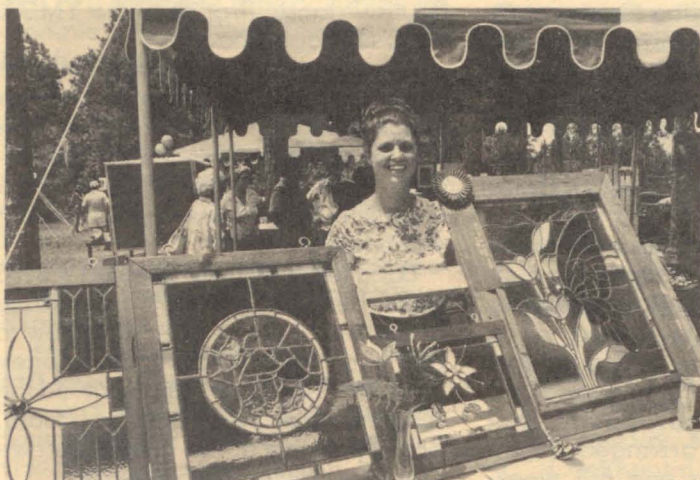

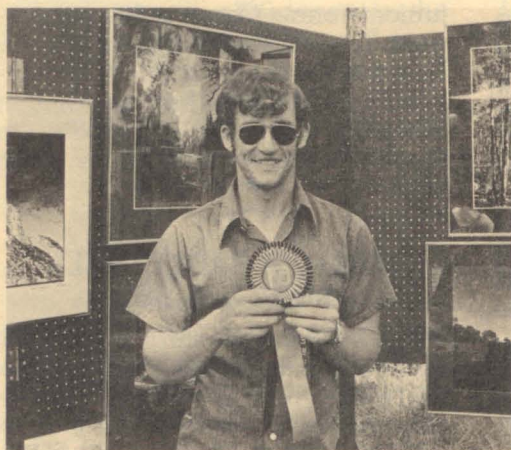

SPRING FESTIVAL "PERFECT" AFTERNOON

Both the sun-seeking guests and displaying artists agreed that last Sunday's **Spring Festival at the Lake** was a letter-perfect day, as clear blue skies and lower 90's combined with a crisp breeze to produce a super day of activities at Little Lake Bryan.

Over 1,200 employees, their families and guests spent the day viewing art displays, eating foot-long hot dogs and ice cream, and participating in a variety of games and contests as Little Lake Bryan kicked off its summer season of activities.

Special thanks go to the displaying artists and craftspeople who arrived early to set up their displays for cast member viewing, and the Fort Wilderness food crew who spent all day serving up the chow and keeping food lines almost nonexistent.

Little Lake Bryan will now go to a seven-day-a-week operation beginning **June 2nd**, with boat rentals and allied activities open from 11 a.m. till 6 p.m. daily.
